Executive Summary

Galilee Ministry of Christ Church is a faith-based organization serving the Christian community in Soroti City and neighboring districts. Since its founding in 2017, the church has grown significantly, yet the current church structure remains incomplete. This proposal seeks financial and material support to complete the church building, enhance outreach initiatives, and extend charitable programs. The total project cost is estimated at USD 500,000, which will cover construction, equipping the facility, and expanding community outreach to impact lives at a larger scale.

Background

Galilee Ministry of Christ Church was established to address the spiritual and social needs of a growing Christian community. Over the years, the church has become a center for worship, spiritual healing, and community support. However, the current sanctuary is incomplete, lacking basic amenities such as proper flooring, roofing, and sanitary facilities. This limits its functionality and compromises the comfort and safety of worshippers.

Additionally, the church's charitable programs—including feeding programs, spiritual counseling, and youth mentorship—require expansion to meet increasing demands. The church also serves as a training center for pastors and a hub for community events like weddings and youth gatherings. To achieve this, we need a fully functional facility and resources for outreach.

Project Objectives

1. Construction and Renovation:

- Complete the church building with roofing, flooring, windows, and doors.
- Construct a pit latrine and install water harvesting systems.
- Equip the facility with chairs, tables, and basic utilities.

2. Charity and Community Support

- Expand feeding programs for vulnerable families and children.
- Support youth mentorship, skill-building workshops, and women's empowerment initiatives.
- Launch a health initiative to provide basic medical and counseling services.

3. Outreach Programs

- Conduct evangelistic campaigns in Soroti City and neighboring districts.
- Train pastors and church leaders to extend outreach efforts effectively.
- Provide mobile ministry services to remote areas.

- Provide a safe and dignified place of worship for over 5,000 believers from Soroti and neighboring districts.
- Enable the church to host conferences, training, and community events.
- Serve as a central hub for charitable activities, offering hope to vulnerable populations.
- Enhance outreach efforts, spreading the message of faith, unity, and social transformation.

Investing in this project is an opportunity to impact lives spiritually, socially, and economically.
